

Dear (Chapter President here)

My name is Rich Largent and I am the current President of Chapter 939 in Oak Island, North Carolina. I am also a member and past President of Chapter 186 in Manassas, Virginia. I have been asked by a member in the Virginia Chapter to handle the sale of his J-3 Cub. He is terminally ill and is no longer mobile enough to see to it himself. I am reaching out to all the EAA chapters in a 250 mile radius to try to find an EAA home for his cherished plane. I would be most grateful if you could post the flyer below and possibly circulate it among your Chapter members.

Best regards and thanks.

**1940 J-3 Piper Cub N26818 \$37,500**

Total Time: 3,340hrs.
